The Vander Weele Group^{L.L.C.} provides services to enhance oversight of federal and state grant funds, specializing in programs for children and at-risk populations. We perform fiscal and programmatic reviews of grantees based on federal and state statutes, regulations, and guidance. While we specialize in developing systems to prevent and address waste and abuse, we also employ multi-disciplinary teams to review effectiveness. Along the way, we support teams in thinking through ways to make oversight programs both efficient and meaningful. Formed in 2003, the Vander Weele Group^{L.L.C.} has offices in Chicago, Springfield, and South Holland, Illinois.
